

NATCAT

GEOSPATIAL DISASTER MANAGEMENT

NatCat provides automated geospatial analytics pre-event to **quantify climate risks** and post-event for timely **damage evaluation**.

TECHNOLOGY

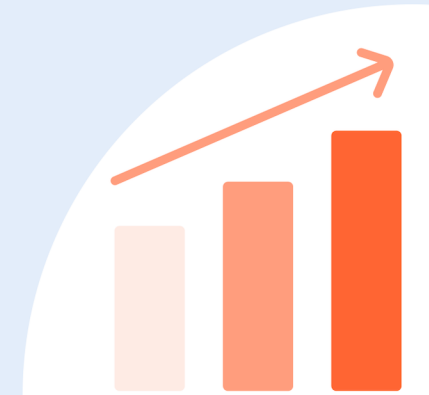

NatCat is an integrated platform using **advanced geospatial modelling** capabilities and SAR expertise.

PERFORMANCE

NatCat provides **immediate adaptability** while being:

- affordable
- fast
- scalable
- impactful

DECISION MAKING

NatCat delivers **actionable data-driven insights** to:

- identify risks
- adapt infrastructure
- guide recovery
- inform policy

OBJECTIVE

NatCat helps global communities to **build resilience** and **reduce vulnerability** to climate change.

**Reduce vulnerability.
Build resilience.
Quantify your risks.**
